What is included in DLC membership?

Digital Library

This world-class digital library, featuring netTrekker, Grolier, SIRS, Facts on File, and Corbis, is available anytime, anywhere.

School Support

We support you in integrating DLC resources into your school with a variety of training opportunities for staff and students.

Teaching Resources

Apex Learning ClassTools, Beyond Books, and ALPs enhance math, English, science, social studies, foreign language, and AP classes.

Access to Online Courses

The DLC offers eligible schools access to 300+ high-quality classes in a range of subject areas at a savings up to \$175.

Course Credit Funds

Eligible schools receives between \$1000 and \$4000 in funds to help offset the cost of online courses and equalize opportunity to students.

Student Mentor Program

Mentors offer assistance with coursework, help students use DLC resources, and guide them in their post-high school planning.

Catalyst Digital Tools

These easy-to-use online tools help students and educators create portfolios, collaborate on projects, and build online communities.

The DLC also offers college and career planning tools, such as WOIS, at a big savings to schools.

Save Money On College & Career Planning Tools

The DLC also offers Bridges and WOIS, two college and career planning tools, at a big savings to schools.

Why join the DLC?

- Support your school's academic goals through training and resources
- Access the best-of-the-best educational resources and tools
- Save time and money with one-stop shopping
- Help students prep for the WASL with online resources and mentors

What does it cost?

\$6 per student for public schools
\$12 per student for private schools and programs

When can we join?

Schools can join anytime between now and October 31. But the sooner you join, the more your school will benefit!
